Greenbrier District of the United Methodist Church "Go Ministry Team Grants"

The District GO team's mission is to encourage churches to go outside the walls of the church as we seek to make disciples. To encourage and support churches in their efforts to reach folks outside the walls, the GO ministry team will be offering grants to local UM churches within the Greenbrier District. In general, the grants are not intended to provide sustaining support or fund existing ministries. Rather, the grants are primarily intended to help initiate programs, projects or activities – especially those that are innovative, new or needed to better serve our communities.

The Greenbrier District of United Methodist Church GO Team Grants will be approved at the discretion of the GO Ministry Team and the Greenbrier District superintendent. Written grant requests must include:

- Description of the project or program for which you are seeking monetary support.
- Information regarding how the proposal will reach people outside the walls of the church.
- Information concerning total cost of the project and from where additional funding will come, and how the program/project will be sustained if applicable.
- Goals for the project/program, such as how many will be reached and planned follow-up to maintain new relationships.

Grants will be limited to a maximum of \$250.00 per application.

We covenant with those applying to earnestly and prayerfully consider each need according to the information provided. Yet, not all requests will be funded. In the event, an application is not granted you are welcome to re-file the application with additional information.

The GO Team will make known the availability of financial grants through the Greenbrier District newsletter and by email and will give regular reports on how the grants are being used.

If you would like to apply for a "Go Team Grant", please contact the District Office for an application.

Thank you,	
Members of	the "Go Team"
