

Greenbrier District of the United Methodist Church “Go Ministry Support Funds”

The District GO team’s mission is to encourage churches to go outside the walls of the church as we seek to make disciples. To encourage and support churches in their efforts to reach folks outside the walls, the GO ministry team will be offering funds to local UM churches within the Greenbrier District. In general, the money is not intended to provide sustaining support or fund existing ministries. Rather, they are primarily intended to help initiate programs, projects or activities – especially those that are innovative, new or needed to better serve our communities.

The Greenbrier District of United Methodist Church GO Team Support Funds will be approved at the discretion of the GO Ministry Team and the Greenbrier District superintendent. Written requests must include:

- Description of the project or program for which you are seeking monetary support.
- Information regarding how the proposal will reach people outside the walls of the church.
- Information concerning total cost of the project and from where additional funding will come, and how the program/project will be sustained if applicable.
- Goals for the project/program, such as how many will be reached and planned follow-up to maintain new relationships.

Support funds will be limited to a maximum of \$250.00 per application.

We covenant with those applying to earnestly and prayerfully consider each need according to the information provided. Yet, not all requests can be funded. In the event, an application is not granted you are welcome to re-file the application with additional information.

The GO Team will make known the availability of financial support funds through the Greenbrier District newsletter and by email and will give regular reports on how the money is being used.

If you would like to apply for “Go Team Support Funds”, please contact the District Office for an application.

Thank you,

Members of the “Go Team”
